As part of our CIRM Roadshow, we are holding a series of meetings throughout the state, in order to **re-introduce** you to CIRM and what this radical new *stemcelerating machine* can do. Please join us for a more in-depth look at CIRM 2.0 on Thursday September 22nd at 10:00 AM at the University of California Los Angeles (UCLA).

Over these next four years, we will make approximately \$700 million in *new* awards to advance stem cell research and development. It is both a tremendous opportunity and responsibility. Come join us, and be part of the team that is making stem cell history.
